Prime

Prime is more than a word. It has numerous definitions and a variety of usages.

In the world of mathematics, prime is a number that can only be divided exactly by itself and the number 1 for example 1, 3, 5, or 7.

Prime, defined as an adjective means “the greatest relevance, the highest eminence, the greatest value, the highest grade or best quality.”

Prime, as a verb, is to tell someone something that will prepare them for a particular situation.

Prime, as a noun, is the period of greatest vigor or success in a person's life.

Prime, at The Point, is a gathering of God's people who love to fellowship, have fun, pray, enjoy good food, and dream big. It is led by Loren & Karen Nofsinger and meets every other month on the fourth Friday.

Prime has no common divisor, except unity. It is first in excellence, the best part of anything, and a time of great strength. Prime is fun and fellowship.

If you are in your prime, join us for the next meeting on February 22, 2013!

Nova

“We encourage them to be big and to shine brighter,” said The Point's new young girls' group leader.

Kendra Rugenstein is one of the leaders of the new group Nova, formerly GLOW, for girls from grades four to seven. She is convinced that all believers, regardless of their age, have the same Holy Spirit. Rugenstein said, “We definitely don't treat them like they're really young. We see the potential in them and we pull it out.”

Nova, like the cosmic star it is named after, encourages these girls to shine brightly for Christ among their families, friends, and schoolmates. Together they pray, discuss topics in the Bible, and play games—

including prophetic games. Rugenstein said the girls have the most fun when “they are engaging with God and tapping into their prophetic callings, even at a young age.”

Nova meets once monthly on the second Thursday from 6:30pm to 8:00pm at The Point's Caledonia campus. For specific dates see the church calendar.
